

Touchup Appointment

The **\$25 cash** touchup appointment **MUST** be completed within **6 to 8 weeks** unless other arrangements have been made or at the discretion of the technician. If a touchup is needed, it is to be done within this time frame in order to lock in the color and increase the longevity of the tattoo. A quick check-up appointment **MUST** be made within **3 to 4 weeks** after initial procedure, at which time, the touchup appointment can be made, if necessary. This is **YOUR** responsibility to make and keep these times. Failure to do so will **forfeit** your touch-up appointment and applicable fees will apply.

If a second touchup is needed for stubborn areas, a table setup fee of **\$50 cash** will be charged. **These “touchups” must be made within 5 months of original procedure. Any work after that will be priced based on my time.**

Note that corrective procedures are special cases that may require more than two visits and will be charged accordingly.
